 NILES, CALIFORNIA

## OBSERVE BEFORE ORDERING

### IMPORTANT:

1. This price list is exclusively for the **TRADE**. This list cancels all previous price lists. Prices are subject to change without notice. All agreements and contracts are made subject to crop losses and causes over which we have no control.

### 2. ALL STOCK GRADED AS FOLLOWS:

- A. Erect growing plants specified by height. Ex. 2 to 3 ft.
- B. Plants making a growth by width and height specified by grade. Ex. 2 to 3 ft. Grade.
- C. Spreading plants specified by spread. Ex. 2 to 3 ft. Spread.

3. All stock thoroughly established before shipped. For large orders allow three weeks for digging and establishing.

**TERMS:** Cash or satisfactory trade references must accompany all orders from purchasers unknown to us. Orders to be sent C. O. D. should be accompanied by one-fourth cash to receive prompt attention. A discount of 5% will be allowed for cash with the order.

**SHIPPING:** We have two railroad lines running through our nursery and in addition to this we are only 30 miles from the metropolis of San Francisco, therefore we can arrange to ship via steamship to any part of the world. Definite shipping instructions should be given us as to the route and also if the shipment is to be forwarded by freight or express. If no instructions accompany the order we will exercise our best judgment.

**CLAIMS:** We must request that complaints or demands for adjustments be made within two weeks in writing or by wire. Orders are accepted with this distinct understanding.

**AUTO TRUCK DELIVERY:** We are in a position to make deliveries by truck to many parts of California. Charges for such services will be made as reasonable as possible. The advantage to our customers is that the cost of boxing, freight and cartage is saved and in addition to this much more prompt delivery is assured at destination without the cost of re-handling. All orders over \$50.00 no trucking charge within 25 miles from Niles.

**PACKING CHARGES:** When shipments are forwarded by freight great care is exercised to pack them in a substantial manner. All express shipments are packed as lightly as possible consistent with safety. Shipments of medium size plants may be made by parcel post. Packing charges are made on a basis of actual cost. No packing charge when cash accompanies order. Should any overcharge occur, we request that our attention be called to same immediately when prompt adjustment will be made.

**SERVICE:** It is our purpose to render a service to all those who favor us with their business. We are always ready to answer questions to the best of our ability. Above all things we want satisfied customers, being fully cognizant of the fact that this is a necessary adjunct to a successful business.

**VISITORS WELCOME:** A visit to our growing grounds and an inspection of our stock is invited. Our nurseries are located on the main highway between Oakland and San Jose just a short distance from the town of Niles on the Southern Pacific Railway. When coming by train notify us in advance or telephone from the railway station and we will be pleased to meet you with a conveyance.

**GUARANTEE:** The California Nursery Company will exercise care to have all stock true to name, nevertheless it is understood and agreed that should any stock prove untrue to name, the California Nursery Company shall be liable only for the sum paid for the stock which may prove untrue to name, and shall not be liable for any greater amount.

**ADDRESS:** All telegrams and letters should be addressed to CALIFORNIA NURSERY COMPANY, NILES, CALIFORNIA. Our cable address is CALNURCO, NILES, CALIFORNIA. TELEPHONE—NILES 134.

# SPECIALS

	Conifers	10 Rate Each	100 Rate Each
<b>ARAUCARIA bidwilli</b>			
4 in. pots, 1 ft., S.S.....		\$ .50	\$ .40
<b>CEDRUS deodara</b>

<b>COPROSMA baueri. LOOKING-GLASS PLANT.</b>		
Gallon cans, 2 to 3 ft. grade, C. ....	.60	.50
<b>CORNUS capitata. EVERGREEN DOGWOOD.</b>		
Gallon cans, 3 to 4 ft., S.S. ....	.45	.40
Gallon cans, 2 to 3 ft., S.S. ....	.40	.35
<b>CORONILLA emerus. SCORPION SENNA.</b>		
Gallon cans, 3 to 4 ft., C. ....	.40	.35
<b>C. glauca. HONEY CORONILLA.</b>		
Gallon cans, 2 to 3 ft., C. ....	.40	.35
<b>COTONEASTER acuminata.</b>		
Balled, 6 to 8 ft., C. ....	2.50	2.25
Gallon cans, 2 to 3 ft., C. ....	.40	.35
<b>C. francheti. FRANCHET COTONEASTER.</b>		
Balled, 2 to 3 ft., C. ....	1.25	
Gallon cans, 1 ft., C. ....	.35	.30
<b>C. frigida. HIMALAYAN COTONEASTER.</b>		
Balled, 3 to 4 ft., C. ....	1.00	.90
Gallon cans, 3 to 4 ft., C. ....	.40	.35
<b>C. harroviana.</b>		
Balled, 5 to 6 ft., C. ....	2.00	1.75
Gallon cans, 1½ to 2 ft., C. ....	.40	.35
<b>C. pannosa. SILVER-LEAF COTONEASTER.</b>		
Balled, 5 to 6 ft., C. ....	2.25	2.00
Gallon cans, 2 to 3 ft., C. ....	.40	.35

## Prostrate Varieties

The dimensions of prostrate varieties are determined by spread and not by height.

<b>C. horizontalis. ROCK COTONEASTER.</b>		
Balled, 2 to 3 ft. spread, C. ....	1.25	1.00
4 in. pots, 1 to 1½ ft. spread, C. ....	.40	.35
<b>C. microphylla. ROCKSPRAY COTONEASTER.</b>		
Balled, 2 to 3 ft. spread, C. ....	1.25	1.00
Gallon cans, 1 to 1½ ft. spread, C. ....	.40	.35
<b>CUPHEA hyssopifolia. HYSSOP CUPHEA.</b>		
Gallon cans, 1 ft., C. ....	.35	.30
<b>DIOSMA ericoides. BREATH OF HEAVEN.</b>		
4 in pots, 1 ft. grade, C. ....	.40	.35
<b>ELAEAGANUS argentea. SILVERBERRY ELAEAGNUS.</b>		
Balled, 3 to 4 ft. spread, C. ....	1.25	
Balled, 2 to 3 ft. spread, C. ....	1.00	
<b>E. pungens. THORNY ELAEAGNUS.</b>		
Balled, 3 to 4 ft. spread, C. ....	1.25	
Balled, 2 to 3 ft. spread, C. ....	1.00	
4 in. pots, 1 to 1½ ft. spread, C. ....	.40	.35

**ELAEAGNUS ARGENTEA**  
A beautiful and hardy shrub.

# Boxed Specimen Trees

There is a large demand for boxed specimen trees where immediate effects are desired.

In order to meet this demand we have a large number of specimen trees in our nursery ready for immediate delivery. These trees will vary in age from ten to thirty years. They have been carefully side-boxed in advance of taking them out of the ground, so that they have a well established root-system in their containers. If given ordinary care by the planter they very rarely fail to grow.

There is considerable variation in the shape, symmetry and furnishing of specimen trees, therefore, it is impossible to make definite prices on this class of stock. We invite a personal inspection of these trees wherever this is possible. Where not practicable, we will make the selection and prices in keeping with the character of the specimen furnished.

Plant	Box	Height	Price, Each
<i>Abies concolor</i> .....	16" to 20"	6' to 10'	\$12.00 to \$ 35.00

## California Field Grown Roses

Roses grown in the even, temperate region of the San Francisco Bay territory in which Niles is situated lead in quality and robust habit of growth because under ideal conditions of soil and climate in the open field.

November frosts can be depended upon to make the bushes thoroughly dormant for early digging. Shipping usually begins in the early part of December.

All our roses are well rooted, vigorous, well ripened and carefully graded.

All roses are tied in bunches of ten, please order in multiples of ten. For less than ten of a variety add 25% to the list price.

### New Varieties
